THE EMOTIONAL DRAIN MAP

A guide to the emotions that contract, restrict, and diminish your energy.

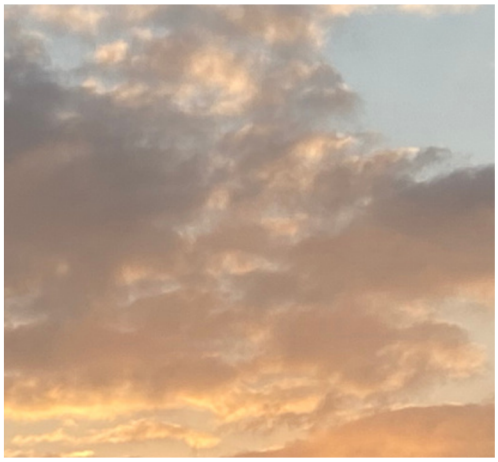

Every emotion is valid — even the difficult ones.
This list is not about shame;
it's about awareness.
These emotions often signal:
boundary breaches
chronic self-abandonment
old conditioning
burnout
misalignment
suppressed truth
unmet needs
Use this map to identify when you've drifted away from yourself and when you need grounding, compassion, and truth.
